Bigfoot exposed : an anthropologist examines America's ...

Grover Krantz, a physical anthropologist who studied the anatomy of Bigfoot hand and foot impressions, found many details in this impression that he thought were too difficult to fake. Others were not convinced; the original museum catalogue card for this item has the note: "This 'handprint' is almost certainly NOT genuine!"

Bigfoot - Wikipedia

In Bigfoot Exposed, biological anthropologist and primate physiology specialist David J. Daegling objectively examines the northwest American myth of Bigfoot. Using scientific methodology, Daegling systematically and persuasively repudiates the evidence purportedly demonstrating the creature's existence, and ultimately concludes that Bigfoot exists only in the popular imagination.
