The Chinese Century is a neologism suggesting that the 21st century will be geopolitically dominated by the People's Republic of China, similar to how "the American Century" refers to the 20th century and "Pax Britannica" refers to the 19th. The phrase is used particularly in the assertion that the economy of China will overtake the economy of the United States as the largest national economy in the world, a position it held in the 16th, 17th century and early 19th century. The Economist has arg
