Because your keys are split between the backswing and downswing, you can start with the first key, then shift your mind to the second in mid-swing. Your practice swings should be a little slower than the swing you'll take at the ball. This will give your mind time to go through both keys, ensuring that your body does as it's commanded.

Beginner Golf Tip: How to Make a Proper Practice Swing

In order to properly swing a golf club, there are areas that you'll need to work to develop first. One of the most important pieces in controlling your swing is learning how to properly grip your club.
