How To Answer Constructed Response

"Constructed-response answer" is the newfangled term for what we used to call a "short-answer essay question." All it means is that you're going to answer the question in one well-written paragraph. If you follow these guidelines, your answers should generally be complete enough to make your teacher happy.

How to Write a Constructed-Response Answer

In most states, constructed response questions (CRQ) are part of educational testing for teachers. These kinds of questions require the test-taker to produce or construct the answer and are considered an additional measure to better assess test takers subject knowledge. CRQ can be as simple as the writing of a sentence - or as complex as the design of a lesson plan.

Constructed Response Questions: How should you answer them?

With a constructed response, you've got to provide the answer. You can't just look and select. That requires, again, more judgment on your part of where should you go, what are the important issues. Level III requires a deeper level of knowledge than Level I and II. Now, that's a very odd kind of a statement.
