Modern Database Management by Jeffrey A. Hoffer

The purpose of this chapter is to introduce students to the database approach to information systems development, the important concepts and principles of the database approach, and the database development process within the broader context of

(DOC) Solution Manual for Modern Database Management 12th ...

"The explanation earlier in this chapter of the database development process referred to several different, but related, models of databases developed on a systems development project." Book is about 500+ pages, and probably could be reduced to 400 pages, if the author knew how to condense the english language, and use better words, around commas.
