many high-quality ebooks as possible. Most of its library consists of public domain titles, but it has other stuff too if you're willing to look around.

### **Understanding Food Science Andtechnology**

This is one of the easiest to understand food science and technology books that I have bought. The pages are a bit thin but that is probably how the price has been kept so low. The technical information is all there but it is presented in an easy to understand format. Chemical structures are clear and simple to follow and jargon free.
